EXPERIENCE

Monaco Digital 2023 - Today
Project Manager • Oversaw a portfolio of 5 digital projects, managing software development teams as well as offering technical expertise and consultancy services to clients.

Oceanway 2017 - 2023
Co-Founder • Founded and led a collective focused on yachting and real estate, covering project management and solution architecture consultancy along with digital production. Conceived and developed a comprehensive suite of online products tailored specifically for yachting agencies.

Sepalumic 2020 - 2021
Project Manager • Responsible for driving and managing corporate digital transformation. In charge a portfolio of 6 projects, including the redesign of a more efficient digital ecosystem, managing internal teams and external providers.

Amadeus via Scalian 2019 - 2020
Project Manager • Applied a hands-on Agile project management approach to successfully conduct the technical migration of 200+ applications in the context of 2 multi-site projects related to the security of sensitive data (PCI-DSS).

Bluewater 2008 - 2017
Head of Digital • Defined the overall corporate digital strategy and evolution of Bluewater's online presence, handling projects from conception to production along with their integration into a large ecosystem of digital products. Facilitated the merger of 2 major players into the brand. Operating in 6 countries and boasting 130K+ active users, the company grew into the largest user base in yachting.

Œil du Net 2006 - 2008
Business Owner • Founded an award-winning creative studio focused on digital production and online marketing, with both small businesses and international companies as clients.

Amadeus via Hoatech 2003 - 2006
Consultant • Created a transversal Intranet platform aimed at improving project management methodologies by providing a 360° vision encompassing the plans of 40+ projects.
